

## Delta Academy Of Applied Learning Enrollment Application

Students - please neatly complete and return this application to DAAL by April 1st. Enrollment procedures for the following school year begin at that time. Potential middle school students ages 11-14 will be contacted for an interview with teaching staff. Please bring a copy of the students' most current TCAP tests and report card to this interview. Students will also be asked for 2 referral forms: one from their current teacher or resource consultant and one from another adult. A \$75.00 refundable application fee is to be turned in with the application. Another \$75.00 is due upon acceptance. This \$150.00 is a yearly fee. Siblings of current students need to pay an annual fee of \$75.00. If enrollment is denied or students are put on a waiting list, the \$75.00 application fee is refunded.
